

Prayer points from June 2026.

Last updated: June 2026

- We are thankful for a good time with the Perspectives church in St-Just on 7 June. Charlie was able to introduce himself officially to the church and explain the partnership with Liebenzell Mission on the Actes 13 Marseille project.
- On 28 June, the Perspectives church in St-Just will hold a members' meeting to vote on our integration into the church as new members and on our joining the leadership team.
- Pray for our search for a place to live. We visited a promising flat in June and hope that our application will be accepted by the landlord.
- Pray for our summer building project from 2 to 16 August. We hope to gather a team of ten volunteers to serve the local church while enjoying the south of France together. Pray for good encounters, joy, and that everyone would be kept safe from injury.
- Pray that God would show us how to establish our ministry in Marseille. We want people to be transformed by the gospel, but for that they need to hear it. We need wisdom and courage in a climate of general suspicion and distrust in the West.
- We are grateful for the joy that Théa and Noah bring us daily.
